COMPLETE WOOL SALES RECORDS STRESSED

With the 1960 wool marketing year closed, and the 1961 year beginning, growers were reminded today of the importance of complete records on their sales of wool and unshorn lambs. Producers are eligible for payments for the 1960 marketing year for wool and unshorn lambs marketed not later than March 31 of this year. Later marketing will be eligible for payment for the 1961 year.

Tommy R. Shaw, Chairman of the Hancock Agricultural Stabilization and Conservation County Committee, reminds wool growers that sales documents must show the true net sales proceeds, including deductions made for freight and other marketing charges. Where false information is filed, both the producer and the wool buyer are subject to penalties. Applications for payment under the 1960 program must be filed at the ASC county office not later than May 1. The average price received by farmers for wool during the entire marketing year can then be calculated, and the payment rate announced. Payments to growers will be made sometime during the summer. For the 1959 wool marketing year, 900 sheep growers in Mississippi received net shorn wool payments amounting to \$60,511, and 273 Mississippi lamb growers received net payment of \$7,331 on unshorn lambs sold.

MISSISSIPPI FARMS TODAY ARE WORTH MILLIONS OF DOLLARS

By O. O. SWORDS, County Agent

The influence of agriculture on the economy of Mississippi can no longer be limited to the farm boundary line.

Many of the functions once performed on the farm are now handled by booming industries which transport, process, and distribute Mississippi farm products throughout the nation. In so doing, these transporters, processors, and distributors utilize thousands of man days and millions of dollars for plants and equipment and operating expenses. As a result of these operating functions, millions of dollars are "pumped" into the economy of Mississippi every year.

Within the lifetime of many Mississippians living today the Mississippi farm has changed from one of "total" independence to one of "total" dependence upon the non-farm economy.

Fifty years ago the main source of farm power was provided by workstock raised on the farm. Today Mississippians own almost 90,000 tractors, a little over 11,000 motor trucks, and about 92,000 automobiles. These items were all purchased new out of the non-farm economy at one time or another even though the present owner may have purchased some of them as a "used" item.

Assuming tractor costs at \$2,000, truck costs at \$1,500, and automobile costs at \$2,000, the sum total of these items, represents over \$470 million worth of production purchased from the non-farm economy.

Fifty years ago the fuel provided the workstock power of Mississippi was produced on the farms. Today almost \$28 million worth of gasoline and other petroleum fuel and oil is purchased annually by Mississippi farmers for farm use only. This does not include some \$10 million spent on gasoline for personal use of the farm families of Mississippi.

Fifty years ago the value of farm machinery and equipment per farm in Mississippi was reported at almost \$17 million. During recent years, Mississippi farmers

BOARD APPROVES HANCOCK NORTH CENT. TEACHERS

Superintendent of Education K. G. McCarty reported the following teachers for Hancock North Central, recommended by Leo R. Rouse, school superintendent, were approved by the County School Board:

High School-J. C. Harriel, principal; Oren Seals, Science; Mrs. Cornelius Favre, Home Economics; Mrs. G. S. Kennedy, Counselor and English; D. J. Martin, Vocational Agriculture; Louis Brooks, English; Carl Moran, Billy Sills, basketball coach and seventh and eighth grades.

Elementary-Culbert Lee, principal; Mrs. Edward Thrash, and Mrs. J. E. Moore, First Grade; Mrs. Carl Moran, second; Mrs. Alvie Saucier, second; Mrs. Rance Cuevas, third; Miss Twillapha Cuevas, Mrs. Bernice Arcement, Fourth; Mrs. Clara Asher and Mrs. Thelma, Fifth; Edwin Lee and Taft Shaw, Sixth.

MRS. JOSEPH KERN, Jr., who was pledged recently to Beta Rho Chapter of Beta Sigma Phi at a candlelight ceremony held at the home of Mrs. James Zimmerman, on Union Street.

have purchased only millions of dollars worth of machinery and equipment.

This was done to replace labor losses, to increase productivity of their labor, and to lighten the burden of farm work.

The average value of machinery per farm in the United States in 1960 was reported at \$3,524. If Mississippi farmers had machinery and equipment equal to only half that amount it represents an investment of about \$250 million.

Fifty years ago relatively little credit was used for buying fuel, seed, fertilizer, poisons, and other inputs used in agricultural production. On January 1, 1960, farm loans outstanding at banks, Farm Credit Administration Agencies, and Farmers Home Administration total almost \$300 million. This does not include the private capital and other public source of farm capital. Neither does it take into consideration the vast amount of consumer credit used by Mississippi farm families.

The economic well-being of Mississippi is highly dependent upon the agriculture of the state. The land, labor, capital and management resources used in the processing, transporting, and distribution of farm products represent an important segment of the agricultural economy.

The output of these resources, combined with those used within the farm boundary line, constitutes a large share of the total economic output of the state.

HANCOCK LWV SCHEDULE MEETING APRIL 19

The League of Women Voters of Hancock County will hold a general meeting on Wednesday April 19, at 8 p.m. at the Memorial Library.

The League will present a program which should be of paramount interest to every family in the County, since it will be concerned with a problem which directly concerns every individual in the County. The League will present as its guest speaker Doctor Dennis Magee, newly appointed Director of Public Health and he will speak on Water Pollution and the urgent necessity for proper sewage disposal. The meeting will be held on Wednesday, April 19th, at eight p.m. and it will be in the City County Memorial Library.

The League has long been interested in the vital matter of water conservation and its concomitant, water pollution. For the last several years, it has done a tremendous job through all of its more than hundred and twenty-five thousand members, working in all fifty states of the United States, to bring about legislative pressure toward the solving of these problems. Mrs. Otis Winnard, president of the Hancock County League, has a great deal of literature concerning the work that has been done in this field and she will be happy to distribute any of it to anyone who will get in touch with her at HO-7-4444. Dr. Magee will speak briefly and then will conduct a question and answer period; the more pertinent your questions will be. But whether you come prepared with question or not, please come. You will leave with an impressive lot of knowledge, and a firm conviction that our water pollution problem must be solved, both for the good of our towns and ourselves, down to the third and the fourth generations.

BLOOD DRAWING SET FOR APRIL 19

Plans for the coming blood drawing were discussed at a meeting of the Hancock County Blood Bank recently at the American Legion Home.

The drawing will be held April 19 at the Youth Center on Ulman Avenue from 2 to 8 p.m. with technicians from Oschner Foundation and Hancock General Hospitals in charge.

John Rutherford, president of the Blood Bank, reported approximately 250 units of blood were used since last October, which leaves the bank with only about 18 units.

Mr. Rutherford is urging all who can give blood to do so as the bank is almost depleted.

DELPH TO HEAD RETAIL MERCHANTS IN HANCOCK COUNTY

O. W. Delph of Bay St. Louis will head the Mississippi Retail Merchants Association membership drive in Hancock County during the weeks of April 17 through 29, according to an announcement received here today from Bill Featherstone of Greenville, state membership chairman.

"It is our policy to select retail leaders who are both progressive and civic-minded for this vital job," Purpose of the membership drive is enlist support and unite retailers behind the association's program designed for better living for the people of Mississippi through improved service from its foremost industry, retailing.

Chairs, conveniences and a steady flow of informative literature to members from the state association show the way to better service for buyers of this community.

The state as a whole benefits from the various activities of the Mississippi Retail Merchants Association which includes legislative action to protect the consumer and preserve our free enterprise system.

MRMA's Board of Directors and members have expressed strong opposition to the present proposals in Congress to include retail and service employees in the Federal Minimum Wage and Hour Law. Passage of this type legislation will result in the loss of jobs for hundreds of Mississippians now employed in retail stores. Prices to consumers will certainly rise and result in another dangerous inflationary spiral, according to association officials.

The current membership drive is a concentrated effort to recruit support for these objectives. The strength of the program lies in the strength of its membership, Featherstone pointed out.

Bay High Career Day, Friday, Apr. 14

Bay High School's annual Career Day will be held Friday April 14th. This day, which features several outstanding speakers from major occupations, will open with a general assembly of high school students. The speaker for this occasion will be Mr. John Scaffide, Mayor of Bay St. Louis. Mayor Scaffide will be introduced by Mr. J. D. McCulloch, Superintendent of Bay St. Louis Public Schools.

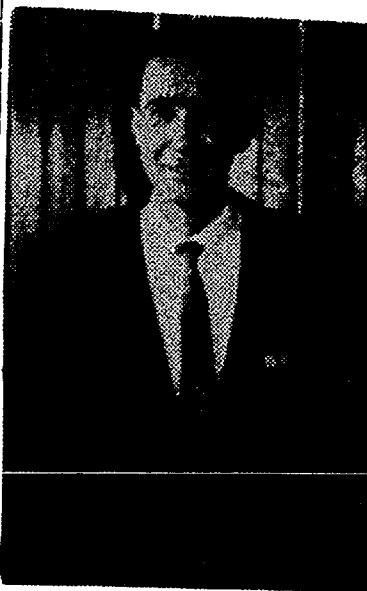

Other speakers for the various groups will include Mr. R. L. Johnson, Dean of Pearl River Jr. College; Dr. A. K. Martinovich, local physician; Mr. Dan Russell, local attorney; Mr. Hardin Shattuck, Coast Electric Manager; Mr. Fred Wagner, local Architect and Miss Wynona Latimer, Home Economist for Miss. Power Company.

Others on the program include representatives from Pearl River Junior College, South Mississippi Charity Hospital School of Nursing and representatives from the different armed forces.

Recently each student at Bay High filled out an interest questionnaire listing the occupations in which he or she were most interested. These results were used to determine which vocations would be represented on Career Day. Meeting will be held throughout the day with each student having an opportunity to hear and question a successful person in the field of his or her interest.

Students and faculty of Bay High School find this to be one of the most educational days of our school year.

Candidate For City Commissioner

LUCAS F. PUCHEU, JR.

It is my considered opinion that any public official is given the honor of serving the people as their representative solely for the purpose of representing them and their idea in the process of government. Thus any elected officials judgment and vote should be guided by the wishes of the majority of the citizens. I strongly feel that the Office of Commissioner is the people gateway to the governing processes of this city. It is of extreme importance that the commissioner and his office be readily available to our citizens to express their views and ideas. Your commissioner should be presenting your ideas and acting in your best interest at all sessions of the commission council. Today, the City of Bay St. Louis stands at the cross road of the future we are rowing, but this growth must be guided along the proper channels to allow us to prosper. We must grasp the opportunity that is presenting itself today, and not allow it to slip through our fingers. This City has many natural resources that can be cultivated and promoted to the advantage of our citizens. We must advertise our strong points and overcome those things that tend to weaken our stature. As a candidate seeking your support in this election I do it with humility, and a determination to represent all of you in our City Government. I assure you that I welcome your ideas and your criticism too. I ask only for the chance to serve you in such a manner that you will be represented in the government of our fair city. This is our City; the decisions we make today will decide our future. It is imperative that we unite and act in the best interest of our future.

LUCAS F. PUCHEU, JR.

According to reports of qualified candidate in the Coast municipalities for the May primary, Bay St. Louis has the shortest ticket of any other Coast City.

The Mayor's office has drawn three candidates, John A. Scaffide, incumbent, Russell Elliott and Burton D. (Fip) Johnson.

Mayor Scaffide is seeking his third term.

In the Commissioners race, incumbents J. Cyril Glover and Warren E. Traub are opposed by Lucas Pucheu, Jr.

George Stevenson, Ben F. Hille, Sr. and Maurice Artigues Sr., incumbents have qualified for election to the Democratic Executive Committee.

The deadline for qualifying was April 8, with the primary election set for May 9 and the general election June 6.

BAPTISTS VOTE TO ADOPT RECORD BUDGET GOAL

Members of the First Baptist Church voted unanimously Sunday to adopt a record budget goal. This decision began the Stewardship emphasis that endeavors to reach every member in active support of the church's ministry. The Budget Planning Committee had surveyed and evaluated the challenging ministry available to the church as well as potential financial support of that ministry. Although this goal is a record for the church, it was considered by the committee to be reasonable, and spiritual. The \$25,000 goal for the annual budget includes \$2,250 for missions and \$2,442.27 for local building projects.

Emphases by mail, messages, personal testimonies, Sunday school goals will be eliminated by a significant pledge march on April 9th. Individuals will have opportunity to deposit their own commitment cards in a beautiful model of the church building. "This program is primarily intended to deepen the spiritual life of our people in sincere love for their Savior as expressed by putting forth things first," the pastor told the congregation Sunday.

BE SURE YOUR VOTE COUNTS
 When the time comes to vote in the City Democratic Primary Election on May 9th, be sure your vote counts by marking your ballot correctly, according to law.

We happened upon an argument the other day about when a ballot is good and when it is not good and marked void by the election managers.

The ballots, as printed, will be marked, "For Mayor" VOTE FOR ONE — "For Commissioner" — VOTE FOR TWO — If you vote for ONE Mayor and ONE Commissioner, your vote for Mayor will be counted but the vote for Commissioner will NOT BE COUNTED. According to law, you MUST vote for TWO Commissioners, as the ballots states, or your vote for that office will NOT be counted. If you vote for Mayor only, and not at all for Commissioner, your vote for Mayor will be counted, or vice versa, providing you vote for TWO Commissioners.

It is very important that you keep this information in mind when you go to the polls on election day or you may unknowingly lose your vote.

It is also very important that you go to the polls and VOTE on election day, regardless of what your choice may be, because in that way you show your interest in your City government and the affairs of your city.

Another thing is that you MUST have paid your poll taxes for the years 1959 and 1960, and must present your tax receipts when you go to the polls, or you will not be allowed to vote.

There are three candidates for the office of Mayor and three for the TWO offices of Commissioner. The nominees for the City Democratic Executive Committee have no opposition and therefore their names will not appear on the ballot.

The above information was verified as being correct by one of the City Election Commissioners.

The members of the Holy Name Society, composed of 70 members, met for their regular monthly meeting and breakfast was held immediately after Mass at the Parish Hall.

A temporary tentative date, August 5th and 6th, has been set for St. Clare's Annual Church fair. Mr. John Anderson would appreciate to hear if there are any other activities in Hancock County to conflict with these dates. If a please contact Mr. Anderson within this week at HO-75109.

A dance will be given at the Parish Hall by the Holy Name Society on Saturday April 22nd. Music will be furnished by Clancy's Band. Please make every effort to attend.

Mr. and Mrs. Roger Bordages went to Baton Rouge, La. to spend a week with Mr. and Mrs. Edward Carrio and family.

Mr. Louis Ladner spent a few days with his mother and dad, Mr. and Mrs. Garfield Ladner.

Joe Colson is renovating his store on Coleman Ave. He has changed the entrances and is now putting a roof across the front.

Mr. and Mrs. Chris Arnos were here for a week at their home on Tide Street.

Best wishes to folks celebrating their birthdays this past week. Mrs. Alice Hunter, April 5th, Mrs. Laura Bourgeois April 8th and Sidney Bourgeois April 10th.

Mrs. Sarah March celebrated her birthday on April 4th and entertained guests at dinner. The guests were Mr. and Mrs. George Langenstein and Miss Anna Langenstein.

Guests wishing Mr. and Mrs. John Munn, Sunday were Mr. and Mrs. Otis Burmaster, Dr. and Mrs. Joseph Delesco and daughters Mr. and Mrs. Frank Chiffi.

Misses Thelma Lafontaine, Barbara Morreale and Jeanette Fry attended a dance at the Vandalia Hall, Ocean Springs, Ala. on Sunday.

After a bout with pneumonia little Sherry Lind Voss is at home again. She was in Hancock General Hospital Sherry Lind is the 3 month old daughter of Mr. and Mrs. Frank Voss.

EPISCOPAL WOMEN TO HOLD DISTRICT MEETING

Episcopal Church women will hold a District Meeting at St. John's Church, Pascagoula, on April 14. Registration will be held from 9:00 to 10:00 a.m. Luncheon will be served at 10:00 a.m. and adjournment will immediately follow.

Mrs. Robert C. Belleville will be the principal speaker and will present a colorful program on the Episcopal Church's work in Mexico. Mrs. Belleville spent some time recently in Mexico with her husband visiting city churches and missions. She was born in Canada, the daughter of an Anglican clergyman, and specialized in church work training at the University of Toronto. While living on Okinawa, she worked closely with the six Episcopal Missions there and as welfare Chairman of the Officers' Wives Club. She was active in aiding native hospitals and orphanages.

Planning to attend from Christ Episcopal Church are: Mesdames N. L. Carter, T. A. Garner, Lloyd Griffith, Charles Johnson, Erle Kirkpatrick, Don McCulloch, Walter Rausch, J. R. Shadoin, and Misses Hazel Marcy and Wilhelmina Meder.

INSECT CONTROL REDUCE SPREAD OF ANAPLASMOSIS

STATE COLLEGE, Miss. — Control of livestock insects can reduce the spread of anaplasmosis, a recent study in the Mississippi Delta indicates.

R. A. Hoffman, U. S. Department of Agricultural Entomologist at Stoneville, Miss., and his associates are seeking to learn more about the spread of anaplasmosis, an infectious disease of cattle. Working with Mr. Hoffman are other USDA personnel and Mississippi Agricultural Experiment Station staff members at Stoneville and State College.

Two beef herds on adjacent plantations were used in the study. Both had experienced some cases of anaplasmosis. Automatic sprayers were used to treat some of the cattle and other were left unsprayed.

After two years of testing, the research men stated the following conclusions:

1. Dissemination of anaplasmosis within a susceptible herd can be reduced through intensive insect control.
2. Biting insects attacking a herd can be appreciably reduced by daily treatment of cattle with

These studies are being continued in an attempt to verify the value of insecticides for controlling insect transmission of anaplasmosis.

A complete report of this research project is published in the April issue of Mississippi Farm Research which will be available on request from the Experiment Station at State College or the Delta Station at Stoneville.

WSSC PLAN SILVER COFFEE

Plans for a silver coffee were made last Wednesday at a meeting of the Women's Society of Christian Service in the Methodist Fellowship Hall.

Former Resident Dies in Hattiesburg

Mrs. Alice Truett, 82, of 224 Maple Street, Hattiesburg, died at 4 p.m. Wednesday, April 12.

A native of Louisiana and a former resident of Bay St. Louis, Mrs. Truett had resided in Hattiesburg for the past 30 years where she was an active member of Broad Street Methodist Church. Survivors are her husband, Robert E. Truett, four daughters, Mrs. William Wicht, Mrs. Adele Litz, Mrs. Hugh McCann and Mrs. D. B. Light, all of Hattiesburg; four sons, Willie L. of Hattiesburg; J. E. and Forest E. Jr. of Atlanta; and P. V. Saucier, of Decatur, Ala.; 15 grandchildren, one great-grandchild and six half-sisters of Opelousas, La.

A sister, Mrs. Kay Granier, died two hours later than Mrs. Truett at her Louisiana home. Funeral services were held at 2 p.m. Friday at Quigley's Chapel with Rev. Clyde C. Bryan assisting. Interment was in Roseland Park.

Mississippi Production Of Florist Crops Increased

The ninety-one growers of florist crops in Mississippi increased their production of living plants by more than seventy per cent during the 1950's to meet steadily increasing demand for potted plants. Mississippi growers increased their wholesale of plants from \$97,269 in 1949 to \$169,193 in 1959, and an estimated \$188,118 in 1960. Biggest increases in wholesale plant volume were in such plants as azaleas, lilies, bedding and vegetable plants, and poinsettias.

Kanatcha Ketchum

Still waiting for the soft crabs to start giving — cooler weather seem to be holding them off. Saw a few — very few sheds today. The water is clearing nicely out front.

Some fresh water fish are being caught, but only in lakes and ponds. Most streams are still dead. Pearl River is receding however and with a couple of weeks of good weather should be good enough for fishing — the same applies to its tributaries, such as White, Mulatto and Coward Bayous and Jordan River. Perch are beginning to strike surface baits and trout should follow suit shortly.

Hard Crabs are still scarce. Carl Gustafson reported a couple of fishing trips, but with little success — caught a few perch he said.

Another one of our good friends and best sportsmen Bob Genin passed away last week — Bob was one of the best dove hunters, fisherman and golfers in this area and will be missed by his buddies.

Ed Curda was down from Chicago last week to attend the funeral of Bob Genin, a long time fishing partner. Ed wishes to be remembered to his friends here.

Another former resident, Polly Green was down this week visiting friends. His hobby is catching frogs — and he is a "cracker-jack" at this sport, ask anyone.

The regulars, August Rauxet, Alden Mauffray, Horatio Favre, "Red" Carver, Mayor Scaffide, Raoul Teihard, Pat Garcia, reports catching some fresh water fish. Pat is a new comer to the sport of fly fishing.

Todie Noto made a nice catch of perch Saturday.

Bidwell Adam an old time tarpon fisherman was mingling with friends here Friday. Bidwell said he doesn't go after them like he used too.

Mr. and Mrs. Claude Presley of Dallas, Texas came over for the Genin funeral. Presley was a long time fishing buddy of Bob and business associate.

John Genin won the Junior Golf Championship at the Pass Christian Isles Golf Club. He will represent the Club at Jackson in July.

The 28th Annual Mississippi Women's Golf Association Tournament will be held the week of April 17th at the Pass Christian Isles Golf Club. The cooperation of everyone is solicited. The Bay-Pass area stands to benefit considerably from undertaking this event.

John Damborino like many others is readying his light in preparation for some soft crabbing. John and the Missus are ardent enthusiasts at this sport.

Forestry Notes

Person having Sixteenth Section School lands under lease in Hancock County are urged to become familiar with the Mississippi law pertaining to said land, according to Area Forester Marion Parker of Bay St. Louis, Miss. The law is House Bill 393, passed in the regular session of 1959.

Under provisions of this law the Mississippi Forestry Commission and the Board of Supervisors are required to enter into an agreement providing for management of the timber on 16th Section lands. The Commission provides tree planting, fire line construction, cut tree removal, timber marking and other services at actual cost. All income above these expenses goes to the school fund of the county in which the land is located.

The current law covering the removal of timber states that no timber shall be sold from any of said sixteenth section lands or from lands except such as have been marked for cutting by the State Forestry Commission's employees, and the said Forestry Commission or its designated employees shall fix the minimum total price for removal of timber from any of said lands.

The law also provides that the State Forestry Commission shall be authorized to remove timber from any of said lands for the purpose of fire line construction, timber marking, or other services, and that the State Forestry Commission shall be authorized to remove timber from any of said lands for the purpose of fire line construction, timber marking, or other services, and that the State Forestry Commission shall be authorized to remove timber from any of said lands for the purpose of fire line construction, timber marking, or other services.

STENNIS TO SEEK SENATE APPROVAL OF FUNDS FOR MISS.

WASHINGTON, D.C. — Senator John Stennis said he will "extend the strongest effort possible" to get Senate approval of the \$2,117,500 recommended by President Kennedy for additional Mississippi construction of the Natchez Trace Parkway in Fiscal 1962.

The 1961 appropriation for Mississippi, Stennis recalled, was \$1,543,000. President Kennedy recommended \$5,735,300 for Trace construction in Alabama, Mississippi and Tennessee.

Stennis is ranking member of the Senate Appropriations Committee which will consider the budget for the Trace among other

items in the Department of Interior's overall budget. Stennis said \$1,400,000, or more than half of the recommended \$2,117,500 for the Trace would be spent for paving.

The rest of the money would be used for construction of district headquarters, foot trails, grade separations, landscaping, soil, seeding, erosion control and erection of signs and markers.

Construction of the Natchez Trace Parkway, a scenic route crossing the 450 miles between Natchez, Mississippi, to Nashville, Tennessee, has moved along gradually for many years but Stennis said appropriations for the construction have never been enough. "and certainly have never matched the constant enthusiasm of Mrs. Ferriday Byrnes of Natchez, and members of the Natchez Trace Association who over the years have worked diligently for the completion of this parkway."

Paving of a 25-mile strip of the Trace in Chickasaw County, Mississippi, is scheduled to be completed this fall, or in early 1962, Stennis said.

He said four major contracts are underway in Southwest Mississippi with additional contracts to be let on a 24-mile strip between the Oakley-Edwards Road and the Big Bayou Pierre River.

In 1960, the Natchez Trace was the third highest-travelled Parkway in the nation, Stennis said.

Joint Meeting Of Catholic Societies Held Thursday

A joint meeting of St. Margaret's Daughters and the Altar and Benediction Societies was held last Thursday afternoon in the Parish Hall.

Monsignor Martin Monney opened the meeting with a prayer and Mrs. Louis Monney presided for St. Margaret's Daughters in the absence of the president, Mrs. V. Piazza.

It was announced that the Veterans party at the Gulfport hospital, originally scheduled for March, will be held Saturday, April 15, at 12:30 p.m.

Mesdames George Stevenson, James Ryan, Henry Capdepon, Curtis Mathers and H. W. Satchel volunteered to donate cakes for the occasion.

It was reported that Mrs. R. V. Bionveni had made 17 Easter dresses for children; and medicine, groceries and clothing were furnished nine needy families during the month.

Mrs. E. P. Larroux, president of the Altar Society, announced a retreat would be held at Xavier Hall for ladies and Mrs. A. K. Martinovich Sr. was appointed retreat chairman for this area.

Mrs. Larroux noted the cooperation of Guild members was gratifying and she asked all practicing Catholic women of the Parish, who are able to take part in assisting with this work, to join one of the Guilds.

Anyone wishing to join can contact Mrs. Larroux at HO-7-6108.

Hot piston test reveals the ash-free secret of Shell X-100 Premium. A simulated piston is heated and a few drops of conventional multi-grade motor oil dropped on it. As the picture

on left shows, this oil leaves a deposit of additive ash. When the test is repeated, at right, with Shell X-100 Premium, all the oil vaporizes. It leaves no additive ash.

BREAKTHROUGH:

Suddenly Shell makes every other motor oil obsolete — with a revolutionary new formula which fights five internal troubles that can shorten engine life

Shell's research reveals five common internal troubles that can shorten the life of your car. All five work silently and unseen.

These troubles are additive ash, crankcase dirt, temperature changes, engine acid and cooling system leaks. Read how new Shell X-100 Premium fights all five internal troubles.

TODAY, every Shell dealer in America has new Shell X-100 Premium Motor Oil ready for your Spring oil change. New Shell X-100 Premium is a genuine breakthrough because it is the only motor oil available that helps protect your car simultaneously against these five internal troubles that can shorten engine life.

Trouble #1—additive ash
Up to now, even the best premium motor oils were powerless to guard against additive ash, because they actually created it. While endeavoring to keep your crankcase shipshape, some of the ingredients in these oils contributed to the hard crust of ash inside your combustion chamber.

All other premium motor oils still have the same flaw. The trouble came from the metallic additives used in previous motor oils. These additives, called "Zn-Pb," were necessary to keep your engine running smoothly, but they also created ash.

Now, Shell has a new formula. It's called "Alkaldine." It's a new kind of additive that doesn't create ash. It's a new kind of additive that doesn't create ash. It's a new kind of additive that doesn't create ash.

to build up, can affect your car's performance—can make it knock and run roughly.

New Shell X-100 Premium doesn't add to this problem—because it doesn't contain a single metallic additive.

Trouble #2—crankcase dirt
All engines accumulate crankcase dirt no matter how well they are protected by filters. The problem is to stop this dirt from getting together and forming sticky sludge which can clog your engine.

Most premium oils use a detergent additive to do the job. And they perform well. But like other additives, most detergents are metallic and cause that old devil—ash.

Shell's solution is so simple, it seems almost too good to be true. It's a new kind of detergent called "Alkaldine."

New Shell X-100 Premium

Oddly enough, nobody yet knows exactly how Alkaldine works. But the proof of the pudding is in the testing. After 12,000 miles of city driving, engines of test cars lubricated with Shell X-100 Premium showed so little sludge that it could hardly be measured.

Trouble #3—temperature changes
Many motor oils tend to become too thick when cold and too thin when hot.

New Shell X-100 Premium is an all-year oil. Here's how it works. Alkaldine has a molecular structure that resembles a basket of eggs.

When the oil is cold, Alkaldine's egg-like molecules curl up as if for comfort. In effect, they take up less space in the oil and the oil flows freely through the tightest bearing, even in the coldest night.

the oil resists thinning. Thus, new Shell X-100 Premium eliminates trouble from sudden temperature changes. It lubricates just as efficiently in June as it does in January.

Trouble #4—engine acid
All automobile engines manufacture acid. This acid can do far more damage than friction. It can eat away at engine parts in much the way stomach acid can cause ulcers. Then you're really in trouble.

One way to combat engine acid is to make the oil alkaline. Many oils use this method. But here's what happens.

The neutralizing effect of alkaline oil inevitably gets weaker and weaker as engine acid eats up the alkalinity—all it eventually stops working completely. Then your oil no longer gives you anti-acid protection.

Shell tackles this troublesome acid problem in a new way. Shell X-100 Premium actually attacks engine surfaces with a thin chemical film. The result: literally, adds some of Shell X-100 Premium's protective qualities. Chemists call this phenomenon "chemisorption."

"Chemisorption" offers a long-lasting protection against acid attack that any other method just cannot match.

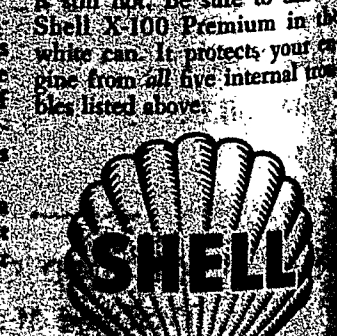

Trouble #5—cooling system leaks
Tiny leaks of coolant and steam can be the most costly of all engine troubles. They take up less space in the oil and the oil flows freely through the tightest bearing, even in the coldest night.

Then you're on the way to a major repair bill. New Shell X-100 Premium sets all such fears at rest. It resists reaction with any sort of anti-freeze. It shrugs it off.

The additives in Shell X-100 Premium resist washing out with water, too. In some oils, additives can be lost to water leaks. In Shell X-100 Premium, they stay.

How much does Shell X-100 Premium cost?
If you drive the national average of 10,000 miles per year, the switch to Shell X-100 Premium (with regular oil changes) will cost you only \$3.60 more than ordinary oil—give or take a nickel. And probably nothing extra if you already use a premium grade.

Drive to your Shell service station and ask the dealer to change your oil while the engine is still hot. Be sure to ask for Shell X-100 Premium in the white can. It protects your engine from all five internal troubles listed above.

FOR MORE INFORMATION FROM SHELL, REQUEST A SHELL LITERATURE KIT. A SHELL LITERATURE KIT will tell you more about the benefits of Shell X-100 Premium. It will also tell you how to find a Shell service station near you.

Shower For Bride-Elect

Miss Marie Louise Peranich, bride-elect of Mr. Daniel Cambre, was entertained Sunday afternoon at a kitchen shower by Mrs. Charles Breath, Jr., Mrs. Laurent Kergosien and Miss Sue Breath at the Breath's home, 616 North Beach.

Gifts were rolled into the living room on a wrought iron serving table by Miss Sue Breath.

The refreshment table, covered with a linen cutwork cloth, held a lovely arrangement of white spring flowers, and arrangements of English dogwood, snapdragons, and lilies trimmed the buffet and living room.

The honoree, who chose for the occasion a beige cotton sheath frock, was presented a corsage of white gladioli by the hostesses.

The mothers, Mrs. Fred J. Peranich and Mrs. Edward J. Cambre, were each given a yellow corsage.

Refreshments of orange float, petit fours and mints in yellow and green were served to the 34 guests.

Tea girls were Misses Marilyn Heitzmann, Judy Heitzmann, Sue Breath, Wynn Heath, and Georgine Cambre.

Saturday, April 15, Miss Peranich will be the honoree at a luncheon at Brennan's Restaurant in New Orleans hosted by Mrs. James W. Hughes.

Explains Centennial

Miss Veronica Mohr, Events Chairman of the Civil War Centennial, stressed the fact that "the Civil War Centennial" is not a celebration, but a commemoration of its 100th anniversary.

"Its chief purpose," she continued, "is to strengthen the unity of the nation through mutual understanding and devotion derived from the realization that there was dedication and devotion on both sides, North and South."

Miss Mohr added that plans are being formulated for the opening at an early date of the Civil War Centennial in Bay St. Louis.

Stolz-Bilbo Wedding

Miss Geraldine Bilbo, daughter of Mrs. Verdie Bilbo and the late Mr. William Bilbo, was married Saturday to Mr. Thomas P. Stolz, son of Mr. and Mrs. Thomas P. Stolz of Lincoln, Ill.

The wedding took place at 11 a.m. in Our Lady of the Gulf Catholic Church with the Rt. Rev. Mons. Martin Moloney officiating. The double ring ceremony was performed before an altar trimmed with lilies and fern.

Professor Joseph Hemmersbach, organist, played a program of nuptial music during the ceremony.

The bride, who was given in marriage by her brother, Larry Bilbo, wore a floor length gown of imported silk organza over taffeta. Appliques of Chantilly lace embellished with sequins and seed pearls trimmed the bodice.

Her finger-ring veil of illusion was attached to a band of Chantilly lace trimmed with sequins and seed pearls. She carried a cascade bouquet of white carnations.

Miss Jewel Bilbo was her sister's maid of honor, and bridesmaids were Miss Libby Stolz, sister of the groom, and Miss Azalie Favre of Bay St. Louis. They wore identical dresses of green imported silk organza over taffeta, and headbands of green taffeta with small matching veils and carried white missals topped with bouquets of white carnations and white ribbon streamers.

Mr. Frederick L. Willis served as best man and Messrs. James G. McCollum and Walter A. Keeney as groomsmen. Ushers were Messrs. Richard L. Morris and Steven Reichel.

English dogwood and fern, with clusters of white bells, decorated the Parish Hall for the reception following the wedding.

The bride's table, covered with a white linen cloth, was centered with a three-tiered cake trimmed with swans and bells.

Mrs. Bilbo chose for her daughter's wedding a beige linen dress with beige and brown accessories. A corsage of white carnations was pinned to her shoulder.

The mother of the groom wore a champagne colored frock, green accessories and a white carnation corsage.

For traveling the bride chose a pale blue linen suit. White accessories and a white carnation corsage completed her attire.

The bride, a graduate of St. Joseph Academy, is employed at Peoples Federal Savings and Loan Association.

Mr. Stolz, a graduate of Marmon Military Academy, Aurora, Illinois, is presently stationed at Keesler Air Force Base.

Members of the bridegroom's family from Lincoln, Ill., and Indianapolis, Ind., were among out of town guests who attended the wedding.

Lindsey-Silva Wedding

Miss Joan Silva, daughter of Mr. and Mrs. A. A. Silva of Carmel, California, became the bride of Mr. Homer McMillan Lindsey, son of Rev. and Mrs. Edward Austin Lindsey of Bay St. Louis, at 4 o'clock Saturday afternoon.

April 8. The Rev. Lindsey officiated at the double ring ceremony in the First Presbyterian Church of Bay St. Louis. White stock, mums and potted palms decorated the church and altar and Mrs. Robert Teague, organist, rendered a program of nuptial music.

Given in marriage by Mr. Frank B. Johnson of New Orleans, the bride wore a white challis street length dress.

The fitted bodice was fashioned with a rounded neck line and long fitted sleeves. Small covered buttons trimmed the back of the long line bodice and sleeves.

She wore a small white hat with veil and carried a bouquet of white sweetheart roses centered with an orchid. Mrs. Frank B. Johnson, matron of honor, wore a dress of pale pink challis fashioned on lines identical to the brides, a matching hat and she

family from Lincoln, Ill., and Indianapolis, Ind., were among out of town guests who attended the wedding.
